

WESTHAVEN PARKING REFERENCE GUIDE

Westhaven is a private community. Our rules state that all vehicles must be registered and have a parking decal. Westhaven works closely with the Fairfax County Police to monitor the vehicles in the community and make sure they belong here.

TOWING COMPANY– Westhaven has a contract with Dominion Towing company. Should your car be towed, please contact

DOMINION TOWING COMPANY – TEL. (703) 730-1177

A BAKER'S DOZEN OF PARKING DO'S AND DON'TS -- The following list of tips will help you follow the community's parking rules.

DO'S

1. **You must register your vehicles** by completing a [Westhaven Vehicle Registration Form](#). Affix the decals you will be issued to the rear window of your vehicles so they may be identified as residing in Westhaven.
 - Red decals – units with garages
 - Blue decals – units without garages
 - Green decals – for vehicles approved to park in “Green Permit” space.
2. If you reside in a non-garage unit, park your two vehicles in the reserved spaces assigned to your unit.
3. If you reside in a garage unit you must park your vehicles in your garage and/or your driveway only.
4. If your guests bring a vehicle into the community, they must park in a visitor parking space.
5. If you have a guest visiting for more than a weekend/few days, you must contact the Management Company (703-924-5900) to obtain a temporary visitor parking pass for display on the vehicle.
6. If you have a third vehicle, proof of registration for all vehicles registered to the Westhaven address is required before a green parking decal can be issued. Green spaces are available on a first come first serve basis. To be added to the waiting list, please contact the Management Company.

7. If you rent your townhouse, it is recommended that you rent to occupants with the appropriate number of vehicles that the unit can accommodate (two for all non-garage and most garage units).

DON'TS

8. Don't park in Fire Lane Areas! No exceptions are accepted.
9. Don't park resident vehicles in visitor parking spaces. These are for guests of the entire community.
10. Don't park your vehicles in the green "overflow" parking spaces without the proper decal.
11. Don't park your vehicle in a reserved space that is not assigned to you.
12. Don't use your parking decal for another vehicle. You need to register the new vehicle.
13. Don't modify or use your garage so that it can't be used to park your car. This is prohibited as part of the covenants for the Westhaven Community. Such modifications/use effectively remove parking spaces from the community.

Note: The Fairfax County Police have been authorized to enter upon the common grounds of Westhaven to enforce the fire lane restrictions and the Codes governing the requirement for the County Sticker and to provide security.
